

Hello companies!

As of September 1, 2022, you can no longer pay with a voucher at SÖRAB's recycling centres and waste disposal and management plants. Instead, all payments at the recycling facilities Hagby ÅVC, Smedby ÅVC, Stockby Returpark, and Görväln ÅVC will be made via invoice and at Löt ÅVC with a debit card.

Do you have a company car that is a light truck?

In that case, our sensors will read your license plate at the entrance, and an invoice is sent to the car's registered company once a month.

Do you have a passenger car and wish to pay for your business waste?

You should ask the staff for a manually printed invoice before you leave your bulky waste. The invoice is sent to the car's owner or to you by scanning your driver's license.

Do you have a foreign registered car?

Then you can only pay by debit card with a staff member.

Visit to Löt ÅVC in Vallentuna?

Here you can only pay by debit card in the customer reception office. (The new recycling centre that will open in central Vallentuna on October 1 will have the same system as the other ÅVCs).

How much does a visit cost?

A visit costs SEK 450 (including VAT) for 3 cubic metres of bulky waste, which corresponds to the cost of one (1) clip on the previous voucher.

Continued on next page

What can companies leave at the recycling centre?

We have not changed what is included in a company visit. However, this means that it is still not possible for companies to leave hazardous waste, impregnated wood, tires, or excavated materials at the recycling centre.

What do I do with my business voucher?

If you still have clips on the voucher, you can redeem them by posting the voucher in a stamped letter to the address below. For a re-purchase to be made, in addition to the voucher, we need a copy of your receipt, the company's organization number, the bank giro number to which the refund is to be made, and your signature.

Do you have more questions about the new payment system?

Ask our staff or read more on our website sorab.se/foretag/priser-betalning/.

Do you have questions about an invoice?

Please find contact details on your invoice.

P.S. Are you going to use your company car in a private matter?

Learn how to proceed at sorab.se/foranmalan.

SÖRAB / Återköp, Box 63, 186 21 Vallentuna.
